

Medtec China 2020 onsite: MDiT Forum and Regulation Summit 2020
Regulation Track A: Chinese Regulatory Updates and Compliance

Morning of Sep 14 | Conference Room 3

09:00-09:50	Registration & Networking Breakfast Meeting
09:50-10:00	Moderator Remarks
10:00-10:40	The supervision of Medical devices in 2019 and the key points of supervision in 2020 Baoting Wang, Deputy Secretary-General, China Society of Pharmaceutical Supervision and Administration
10:40-11:20	The latest progress and regulatory focus under the Listing Permit Holder System Lin Feng, Commissioner, Division of Medical Devices Registration, Shanghai Medical Products Administration
11:20-12:00	Medical Device e-registration workflow、tips and experience sharing Alex Jiang, Smith & Nephew
12:00-13:30	Lunch & show visit
13:30-14:10	latest process of special inspection of Innovative Medical Devices Xiaoming Feng, Vice Director, Biomaterials and Tissue Engineering Division NIFDC
14:10-14:50	Application of clinical trial data in Clinical Appraisal of Medical Devices Yin Lu, Chief Director, Evidence-based Medicine Medical Research & Biometrics Center National Center for Cardiovascular Diseases
14:50-15:00	Track Close

Medtec China 2020 onsite: MDiT Forum and Regulation Summit 2020
Quality Track A: Practice of Risk Management of Medical Product Life Cycle
 Afternoon of Sep 15 | Conference Room 3

13:00-13:30	Registration & Networking
13:30-13:40	Moderator Remarks
13:40-14:20	<p>How to use ISO13482:2016 risk management files in the entire medical product life cycle</p> <p>Diana Hong, President, Mid-Link Biomedical Technology Group, Guest Professor, NMPA Institute of Executive Development; Secretary General, Third-party Testing Association of China Association of Medical Device Industry Guest Professor, Science Faculty of Shanghai University</p>
14:20-15:00	<p>How to reduce budget with risk management-manufacturer perspective</p> <p>Tamara Yuan, V.P., Quality Assurance, APAC Operations, Zimmer Biomet Inc</p>
15:00-15:15	Tea Break & Networking
15:15-15:55	<p>Integrate Risk Management in post-market surveillance activity practised on Active Medical Device</p> <p>Shumei Wang, Vice President, Head Office of Quality Management and Regulatory Affairs of UNITED IMAGING</p>
15:55-16:35	<p>How to integrate different regulations/standards to establish a quality system for preclinical research and meet the requirements of global regulatory agencies</p> <p>Millie Chen, PhD; Deputy GM, Medical device testing, WuXi AppTec</p>
16:35-16:45	Track Close

Medtec China 2020 onsite: MDiT Forum and Regulation Summit 2020

Quality Track B: How to meet the quality requirements of products in overseas markets under the epidemic situation

Morning of Sep 15 | Conference Room 3

09:50-09:55	Registration & Networking
09:55-10:00	Moderator Remarks
10:00-10:40	How to be included in the US emergency use approvals: the difference between applying for FDA EUA and 510 (K) Zeli Yu, RAC Global
10:40-11:20	How to be included in the UN Procurement suppliers: application for EUL of the WHO Zeli Yu, RAC Global
11:20-11:30	Tea Break & Networking
11:30-11:50	Post-market management of epidemic prevention supplies by European and American authorities after the launch of EUA and EUL Zeli Yu, RAC Global
11:50-12:10	Impact of MDR extension for one year on epidemic prevention device manufacturers Zeli Yu, RAC Global
12:10-12:20	Q&A
12:20-12:30	Track Close

Medtec China 2020 onsite: MDiT Forum and Regulation Summit 2020

Technology Track A: High polymer material application in Medical Device

Morning of Sep 14 | Conference Room B Hall 4 of SWEECC

09:30-09:50	Registration & Networking
09:50-10:00	Moderator Remarks
10:00-10:30	Biological evaluation of biodegradable polymers for medical aesthetics Tingfei Xi, Professor Director, Biomedical Materials and Tissue Engineering Center, Cutting-edge Interdisciplinary Research Institute, Peking University
10:30-11:00	Application of biodegradable medical polyurethane in medicine-loaded medical devices

	Wenfang Zhang, Founder, Zhuhai Ruizhan Biomaterial Co., LTD
11:00-11:30	Degradable nerve conduit Jinye Wang, Professor, Biomedical Engineering, Shanghai Jiao Tong University
11:30-12:00	Covestro two new medical polycarbonate launch: Glass-filled and Low friction series Arthur Wang, Technical Manger , Covestro (Shanghai) Management Co., Ltd.
12:00-12:05	Track Close

Medtec China 2020 onsite: MDiT Forum and Regulation Summit 2020

Technology Track B: 3D materials and technology application in Medical Device

Morning of Sep 14 | Conference Room C, Hall 4 of SWEECC

09:30-09:50	Registration & Networking
09:50-10:00	Moderator Remarks
10:00-10:30	Applications and challenges of 3D printing technologies in medical device R&D Yi Zhang, Sales Manager, TRUMPF
10:30-11:00	Application of PEEK in 3D printing medical device Weimin Zhou, Director; research fellow, Shanghai Nanotechnology Promotion Center
11:00-11:30	Ultra High Precision 3D Printing Technology Helps Medical Device Industry To Innovate Rapidly Jianlin Zhou, GM of Asian Pacific BU, BMF Material Technology Inc.
11:30-11:40	Track Close

Medtec China 2020 onsite: MDiT Forum and Regulation Summit 2020
Technology Track C: The 4th Session of Pack&Ster Hub

Afternoon of Sep 14 | Conference Room B, Hall 4 of SWEECC

13:30-13:40	Moderator Remarks
13:40-14:30	Human engineering and usability testing of medical devices Yichuan Zhang, Superintendent, Jiangsu Institute for Medical Device Inspection
14:30-15:00	The most comprehensive options of seal integrity for sterile packaging Evan Huang, Product Manager, Amcor China Healthcare
15:00-15:30	Focus on medical packaging standardization, and apply risk management and sustainability to the full life cycle of medical packaging Lei Qin, Secretary- general, Medical Device Packaging Committee of China Medical Device Industry Association
15:30-16:00	Ethylene oxide process validation - Practical implications for product addition Wanglong Zhang, Representative of Governing Unit, Medical Device Packaging Committee of China Medical Device Industry Association
16:00-16:30	Packaging design for epidemic prevention materials Yan Wang, Deputy chairman of the unit, Medical Device Packaging Committee of China Medical Device Industry Association
16:30-16:40	Track Close

Medtec China 2020 onsite: MDiT Forum and Regulation Summit 2020
Technology Track D: The 5th Conference of Medical Device Design

Afternoon of Sep 14 | Conference Room C, Hall 4 of SWEECC

13:20-13:30	Registration & Networking
13:30-14:00	How to combine customer needs and design needs Youxin Cheng, General Manager, CONNX
14:00-14:30	How to become outstanding CDMO partner for global medical device OEM. Fred Xu, Asia Sales and BD Leader, Quasar
14:30-15:00	MEMS pressure sensor in minimally invasive medical

	Jerry Gao, Sales Manager of Sensor Business Department, TE Connectivity (TE)
15:00-15:30	Best practices for developing medical devices that can be adopted and have a good user experience Kenny Zhang, Presales Engineer, The Qt Company
15:30-15:40	Track Close

Medtec China 2020 onsite: MDiT Forum and Regulation Summit 2020

Technology Track E: Plastic Molding Technology in Medical Device Manufacturing

Morning of Sep 15 | Conference Room B, Hall 4 of SWEECC

09:50-10:00	Moderator Remarks
10:00-10:30	Micro precision molding helps medical products innovation Mancang Song, Professor, Dalian University of Technology
10:30-11:00	Rapid molding small batch injection to accelerate medical product launch Tianran Li, GM, Shenzhen Multiplus Machinery Co., Ltd
11:00-11:30	Application of precision molding in medica industry Steven Yu, Deputy GM, Tianjin Level Vacuum Drying Equipment Manufacturing Corporation Ltd.
11:30-12:00	Hot runner product introduction and medical application of HASCO Shuliang Li, Sales Manager; Head, Hot runner section of HASCO
12:00-12:10	Track Close

Medtec China 2020 onsite: MDiT Forum and Regulation Summit 2020

Technology Track F: Core components and technologies Seminar of orthopaedic and dental products

Morning of Sep 15 | Conference Room C, Hall 4 of SWEECC

9:50-10:00	Moderator Remarks
10:00-10:30	Application of regenerative materials in orthopaedic implants Fang Hu, President, Bestlife Regenerative Medicine
10:30-11:00	Degradable metals bring new opportunities for orthopedic device development

	Yufeng Zheng, Professor, Department of Materials Science and Engineering, College of Engineering, Peking University
11:00-11:30	Mechanical Tests in the Guidelines for Technical Review of Medical Implants Registration Dr. Wang Meimei, Testing Lab Manager, IMA Testing & Technology (Shanghai) Co. Ltd.
11:30-12:00	The conception of intelligent auxiliary device for oral implant Yu Yang, Dean, UDG
12:00-12:10	Track Close

Medtec China 2020 onsite: MDiT Forum and Regulation Summit 2020

Technology Track G: Technology Development of New Type Medical Dressings

Afternoon of Sep 15 | Conference Room C, Hall 2 of SWEECC

13:20-13:30	Moderator Remarks
13:30-14:00	Innovative Materials for Wound Prevention Dressings Kitty Yang, Technical Sales Manager – CAS MED CHINA – Covestro
14:00-14:30	DuPont New Soft Skin Adhesive MG7-9960 Introduction Terry Ma, Senior Technical Engineer, Dupont
14:30-15:00	Collagen Dressing in Advanced Wound Care Weiwei Chen, Executive Deputy General Manager & R&D manager, Huizhou Foryou Medical Devices Co., Ltd.
15:00-15:30	Application of electrospinning technique in medical wound dressings Lin Mei, Institute of chemical industry, Zhongyuan University of Technology
15:30-15:40	Track Close

Medtec China 2020onsite: MDiT Forum and Regulation Summit 2020
Technology Track H: Seminar on Medical Bonding and Welding Technology

Afternoon of Sep 15 | Conference Room B, Hall 4 of SWEECC

13:50-14:00	Moderator Remarks
14:00-14:30	Laser Plastic Welding In Medical Industry John Sun, Key Account Manager,LPKF China
14:30-15:00	Henkel Innovation Solutions for Medical Market Cloud Liang, TCS Representative, Henkel Loctite (China) Company Ltd
15:00-15:30	“Process Neutral” approach, the best solution to meet your needs for medical device assembly David Fang , Medical Segment Sales Manager, Branson Ultrasonics (Shanghai) Co., Ltd.,
15:30-15:40	Track Close

Medtec China 2020 onsite conference

The 3rd Edition of Regulatory Lecture: Best Practice for Product Compliance and Market Launch

Sep 15 | Conference Room A, Hall 2 of SWEECC

10:20-10:30	Moderator Remarks
10:30-11:00	Medical device pre-clinical animal study and data analysis Lee Fu, Vice President, Mid-Link Group Company Limited
11:00-11:30	How manufacturers adapt the update of clinical trial regulatory to accelerate market launch Xufeng Wei, Director & Deputy Director of Cardiac surgery, Scientific Research Department, Ming Xin Cardiovascular Disease Hospital of Wuxi
11:30-14:00	Lunch+ Exhibition Visiting
14:00-14:20	Interpretation of the Guidelines for Technical Review of the Establishment and Characterization of Evaluation Methods for Unknown Leachable of Medical Devices Dongdi Sun, Ph.D.; Director,Chemical Laboratory, WuXi AppTec China Testing Center
14:20-14:40	Medical Device Toxicology Risk Assessment Based on ISO 10993-17

	Xueping Xu, Leader of Regulatory Affairs, WuXi AppTec China Testing Center
14:40-15:00	Medical device preclinical large animal experimental operation case sharing David Moddrelle, Senior Director of Surgical Services, WuXi AppTec China Testing Center
15:00-15:20	Efficacy test of disinfectants for production environment Jia Wen, Ph.D.; Leader of Microbiology Laboratory, WuXi AppTec - Medical Device Testing Center
15:20-15:30	Track Close

Medtec China 2020 onsite conference

The 6th Market Report Track of Medical Device Industry

Morning of Sep 16 | Conference Room A, Hall 2 of SWEECC

09:50-10:00	Moderator Remarks
10:00-10:30	New opportunity and development in medical industrial chain Stephen Sunderland, Partner, L.E.K. Consulting
10:30-11:00	How medical manufacturers seize the rule and chance of capital market Maggie Zhao, Partner & Founder, Medisophy Capital
11:00-11:10	Track Close

Medtec China 2020 onsite conference

Addressing the needs in Drug Delivery Devices - Material and Technology innovations from Celanese

Afternoon of Sep 14 | Conference Room 6, SWEECC

13:30-13:40	Opening Greetings and Celanese Corporation introduction
13:40-14:10	Advanced Material solutions for Insulin Pens Yvonne Lou
14:10- 14:40	Celanese Material Technology Differentiation for Next Inhalation Design Flexibility Kathy Deng
14:40-15:00	Tea Break
15:00-15:30	Unique Solutions for you - Ateva® G Medical EVA Polymers

	Sam Tian
15:30-16:30	Discussions & Networking

**Conference agenda updates according to speaker confirming.*
